

The ICON 3 levels of funding are:

Essential

The **ICON Essential level** is aimed at PMB level of funding.

Core

The **ICON Core level** is aimed at scheme options with benefits that allow more than PMB level of care. Treatments included should be evidence based, cost effective and of high quality.

Enhanced

The **ICON Enhanced level** remains aimed at the scheme options with substantial oncology benefits. It includes certain high cost drugs and advanced radiotherapy techniques, where clinically appropriate. The affordability of these treatments has been taken into consideration.
